Safety Drawer Latches

- Helps Keep Children From Opening Drawers
- Exclusive One-Piece Unit Is Easy To Install
- Extra Strong Safety Spring

Easy to Install:

1. Position on inside lip of drawer so the hook will clear the catch part of the cabinet as drawer is closed.
2. Use screwdriver to attach two screws in slots on either side of latch.

Easy to Use:

1. Press spring button down firmly as you open drawer.

Satisfaction Guaranteed: If you are not completely satisfied with this product, please return it to us and we will replace it free of charge.
